Hats off to the energetic peace officer who successfully broke up the gang of steam beer bums infesting this locality so long and living luxuriously off the neighboring fruit ranches and chicken roosts of a number of our citizens. Keep the good work up, gentlemen.

Charley Miller, Parente's white hope, has been matched to fight twenty rounds in San Francisco, the latter part of the month, with fireman Jim Flynn before Jim Cofforth's club. Mr. Flynn is the Italian pug whom Jack Johnson walloped last 4th of July.

A large crowd from here attended the ball and entertainment at Boyes Springs Saturday evening, given for the benefit of St. Vincent's Church, San Rafael. Santa Rosa, Vallejo, Petaluma and old Sonoma were well represented, also Vineburg. The entertainment was made up of San Francisco talent.

The town was thrown into wild excitement last Wednesday when the horse belonging to Vincent's meat market became unmanageable and ran away. The frightened steed was finally brought to a standstill in front of the butcher shop by Walter Poulson, who stopped the animal at the risk of his life.

A bunch of joy riders from the City of Rome had a mishap between here and Petaluma last Saturday evening. The party consisted of two ladies and two men and they had taken the car out of a Santa Rosa garage. Unknown to the proprietor his chauffeur was a "good fellow," and while driving the car at a reckless speed a wheel came off, throwing the occupants into the middle of the road, all of whom miraculously escaped with minor bruises. The car was soon mended and the joy-riders proceeded on their way none the worse for their adventure.

A ball game of much interest will be played on our local diamond shortly. The line up will be between "The Old Horses" and "The El Verano Colts." ## CAPT. AND MRS. BOYES HAVE LEFT US

After a Residence of Over Thirty Years in this Valley Buy New Home in San Diego

Capt. and Mrs. H. E. Boyes, who were given a farewell reception two weeks ago by their many Sonoma Valley friends, took Wednesday afternoon's train for their new home in San Diego.

The leave-taking of Capt. Boyes and his estimable wife will create a void in our midst which can never be filled. Generous, true and lasting in their friendships, courteous and hospitable to the stranger, public-spirited and enterprising in advancing the interests of this valley Capt. and Mrs. Boyes during their long residence here have not only proved themselves good citizens but have done much to advance the interests of the Sonoma Valley, and their leave-taking will be sincerely regretted by all classes of citizens.

## SERIOUS FIRE AT WOODLEAF PARK.

Destroys one Cottage and Menaces Many Others in the Picturesque Suburban Retreat

A cottage belonging to S. E. Button located in Woodleaf Park, opposite Boyes Hot Springs, was burned to the ground last Monday. The fire was caused by the overturning of a gasoline stove.

Hundreds of volunteer fire-fighters turned out to fight the fire which was confined to the burning cottage. For a time the blaze threatened to communicate with adjoining cottages and these, together with Graham's Cash Store, wherein is located the Postoffice and Wells Fargo & Co's express, were menaced by the flames, but the dogged determination of the fire-fighters saved these and much other property within the zone of the fire.

## Departure of a Worthy Couple

Mr. and Mrs. M. T. Vaughan, the founders of the Cripples Home in the eastern suburbs of this city several years ago, have leased the premises to private parties for a term of years and have removed to Oakland. The leave-taking of this worthy and ambitious young couple will be sincerely regretted by those who had the good fortune to make their acquaintance during their three years residence here. Both being cripples it became their ambition in life to establish an industrial home for their fellow unfortunates and with that object in view the young couple came to Sonoma about three years ago and purchased a thirteen-acre farm one mile east of town, upon which many improvements were made to carry out their ideas in a modest way of what such an institution should be. They worked hard to make the institution a success, paid their bills promptly and for a time it seemed the ambition of this good couple in life would be realized. Lack of interest on the part of those who should have aided and encouraged Mr. and Mrs. Vaughan in their laudable undertaking has forced them to give it up for a time at least and it almost broke their hearts to do so. Now they have leased their property and gone away, but let us hope that some day they may return with renewed energy and succeed in carrying out the ambition of their young lives—an ideal industrial home for cripples.

## CITY OFFICIALS VISIT NAPA COUNTY CITIES

Inspect Streets and Road Work and Fire-Fighting Appliances—Napa, St. Helena and Calistoga Were in the Itinerary

Mayor M. E. Cummings, accompanied by City Trustees Claude Johnson and Chas. Dal Pogotto, Mr. R. E. French of the City Improvement Co., San Francisco, and H. H. Granice, editor of the Sonoma Index-Tribune, motored through Napa County last Sunday on a tour of inspection and to get in touch with road building, street improvements, fire-fighting appliances and other important things.

Napa, St. Helena and Calistoga were each visited in turn and much valuable information was gleaned. Fire Chief Otterson of Napa, who formerly lived here, took the party through the engine house of the Napa Fire Department, and among other things explained the workings of the new chemical engine, recently installed in that city, which is a wonderful fire-fighting machine which will pay for itself in a few years by the saving made in fire insurance alone. These engines cost about \$4,500 and smother a fire instantly. The trip was a most educational one and much valuable information from a practical standpoint was gleaned by our city officials.

## GARDEN PARTY AT "LA LOMITA."

The Beautiful Residence Grounds of Mrs. M. R. Taylor Will be Thrown Open to Public for Benefit of St. Francis Church

"La Lomita," the beautiful and picturesque home of Mrs. M. R. Taylor in the northwesterly suburbs of town, will be thrown open to the public on Saturday evening, August 17th, for the benefit of St. Francis church. The occasion will be a garden party on the attractive residence grounds. An automobile service will be maintained between the grounds and the Union Hotel for the purpose of affording free transportation to and from the holders of tickets for the garden party, which bids fair to be one of the most attractive ever held in this valley.

## The Mosquito Pest.

For the past two weeks Sonoma Valley has been afflicted with a mosquito pest the like of which has heretofore been unknown here. They have swarmed into town and valley by the million, making life miserable for both man and beast. The result of this visitation has been that summer visitors have been driven out of town and valley by the hundreds, to say nothing of the permanent residents who have to stand their ground and submit to the attacks of the "pesky critters." The latter part of this week, however, there was a diminution of the pest and the summer visitors are returning.

A south wind which prevailed for several hours one day a couple of weeks ago is said to be the cause of the mosquito plague, as the "critters" are without a doubt the product of the marsh lands of that part of the valley bordering on San Pablo bay. However that may be, they have the sharpest and longest pointed bills of any mosquitoes on earth, and if the length of the latter are taken into consideration we have a sneaky suspicion that the mosquito experts recently sent here from the University of California have crossed the infernal creatures with the jack snipes of the tule lands south of town.

## VISIT OF AN OLD PIONEER TO SONOMA

Hugh Fraser, After an Absence of Fifty-Three Years, Returns for a Day to the Stamping Ground of His Youth

Ranald McDonell and Miss Kate McDonell entertained a very distinguished guest at their home on Broadway last Sunday, being Mr. Hugh Fraser, leading member of the Scotch societies of San Francisco, ex-Supervisor of that city and a former pioneer resident of Sonoma.

During his brief stay here, Mr. Fraser, who was accompanied by his wife, became reminiscent. His memory reverted back to the days of "old and the days of gold," when he located in Old Sonoma. After an absence of fifty-three years he noted great changes in both town and valley. Mr. Fraser arrived in this city in December, 1859, after crossing the plains by ox-team, taking six months to accomplish the journey. He immediately sought and obtained employment as a smithy in W. Fleming's blacksmith shop then located on the north side of the plaza. One day the late Gen. Vallejo dropped into the shop and ordered a new style of plow made for cultivating his vineyards. He was referred to Mr. Fraser, and explained his idea to him. It must be so constructed as to plow between the grape vines, to be drawn by a single horse, the blade or plowshare to be a single one and so formed as to throw the soil both ways in order to save the labor of hoeing by hand. Mr. Fraser carried out the idea to perfection, and turned out a plow that so pleased the General that he ordered more of them and so did his neighbors, and so popular did the plow become with the pioneer vineyardists that Mr. Fraser fairly coined money for his employer by turning them out.

The plaza at that time, so the old pioneer explained, was an open field without trees or shrubbery. The Miners' Hotel was then the leading hostelry of the town and was kept by that prince of hosts of the early days, Tony Oakes. Mr. Fraser also observed that some of the old adobe buildings of the early days are still standing, notably the old Catholic Church and its surroundings, including the celebrated bunch of cactus in the rear of the ancient edifice, which is as thriving now as it was fifty-three years ago and it was an ancient plant even in those early days.

With a sad expression the old pioneer with a far-away gaze remarked that many of his old shop mates and Masonic friends are gone to that bourne from which no traveler ever returns leaving him behind, at the age of eighty years, like a lone tree in a forest.

During their sojourn here Mr. and Mrs. Fraser, accompanied by Mr. McDonell and Miss McDonell, took a thirty-mile automobile trip around the valley with Harry Baines at the wheel, after which they left for their home in the metropolis.

F. Clewe has accepted the agency for the celebrated Golden Pheasant Candy. A fresh supply is received every week. Try it.

## Condition of the Hay Market

The condition of the hay market for the week ending August 6th as reported in their weekly letter by Somers & Co. of San Francisco is as follows:

"Receipts of hay for the week amounted to 5,680 tons—over 1000 tons more than was received the preceding week. Local conditions remain unchanged and the congestion of hay on the market is serious. Prices at which hay is being offered are lower, this being absolutely necessary in order to dispose of the heavy arrivals.

"There is considerable less activity in buying throughout the country at the present time, it being necessary for people who have purchased to use all their energies in order to sell the hay which has already been purchased. Some people predict that we will have a very short shipping season this year and that there will be a sharp advance immediately thereafter. Although we will probably have a short shipping season, we doubt any material advance, for the local trade does not require but very little hay and country consumers have, to a great extent, arranged for their season's supply. The future of the market, we believe, will depend almost entirely upon the winter season. Early rains and early green feed will materially decrease the consumption of hay.

Alfalfa is moving quite freely and local prices are not as high as previously quoted. There is a large amount of alfalfa along the river which must be moved, but at present it is being held at prohibitive prices."

## VINEBURG NEWS ITEMS

"Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

Henry Gundlach was a visitor at the Rhinefarm last Saturday. Mrs. Manuel Souza (nee Rose Silva) visited her parents on Sunday.

Miss Mary Batto and Miss May Boech were guests at Boyes Springs on last Friday.

Mrs. Otto Kuner of the Rhinefarm visited San Francisco on Saturday last and returned Sunday evening.

Mrs. Capt. Boech is now spending a few days with her daughter, Mrs. Morris Levy at Hotel Mervyn, Glen Ellen.

Theodor Riebli of Penns Grove, is now visiting Mr. and Mrs. Enrico Forni at Pleasant Villa. He will remain several days.

Mrs. J. Cassiglia and daughter, Miss Deliana, of Oakland were guests of Vineburg friends Tuesday and Wednesday of last week.

Mrs. August Figone returned to her San Francisco home on last Saturday for a week and will return here to complete her summer visit with her parents, Mr. and Mrs. John Batto.

M. Beyers, formerly a well known young merchant of Sonoma but now representing the Frank Peterson & Company grocery firm of San Francisco, was transacting business at Batto's Spur one day last week.

Henry Bauer, one of the best known local cooperers on the coast, now employed by the Gundlach-Bundem Wine Co., made a business visit to San Francisco on Sunday last and combined business with pleasure.

Mr. and Mrs. Harry Hunter, we understand, have sold their fine home known as "The Knoll." This enterprising couple were about the first settlers on the now famous Hyde tract and after three years of industry, economy and hard work made it one of the most attractive places on the tract. Mr. and Mrs. Hunter leave behind them many friends in Sonoma and Vineburg who wish them much luck in their new home.

Vineburg, August 9, 1912.

After a month's well vacation I returned home to dear old Vineburg—but I mean sweet Vineburg. But on that evening this burg looked as old as his Honor's whiskers.

Last Saturday evening in company with one of this burg's society gentlemen I had the pleasure of attending the performance and moving pictures at the Don Theatre in Sonoma, and I must say that Collins of the "Don" used good judgment in placing on his stage such artists as Frank Cooley and Co., Mr. Cooley is a bright, leading man and Miss Gladys Kingsbury still retains that subtle magnetism, charming, personality and histrionic ability that made the lady a popular favorite at Union Hall some years ago. It was a good show.

Easy, I had such a delightful vacation at the sea shore bathing every day. Ever take a bath? Well, all you do is go right in and the water does the rest, but don't go in too far or you'll get wet.

Oh, joy I am engaged to be married. Sure, and the name of my intended is Mr. Reilly. We have not set the day as yet, but if you do not say a word about it to Viola, Ethel, Fannie or Josie, I will invite you to the wedding, and believe me there will be no coon cake walking; there will be no rag time talking, but we'll sing the songs of Ireland, the hours to beguile, about the rocks of Blarney and the Rose of Sweet Killarney, and things done down at Reilly's must be done in Irish style.

Yours till we meet at the wedding, Helen Hunt.

Arthur Batto took a merry party of young people to the different points of interest in the northern part of the valley Sunday. All declare it was a swell automobile ride.

Ellis Vernon and Harold Carrieger, two of my old friends, have returned to their respective homes after quite an extended stay in Oregon. Both boys report a successful season up north, but agree that "there's no place like home."

I hereby return my sincere and heartfelt thanks to Mrs. Carl Baltisberger and C. Rasmussen of Buena Vista station for the kind manner in which they assisted me when I was injured Monday morning. Yours gratefully, James B. Small.

Jos. F. Groskopf and Miss Adele Andrieux were passengers on Sunday morning's train en route to the metropolis. During their brief sojourn in San Francisco they visited Annabelle Maffei of Sonoma, who is undergoing treatment at the French hospital. They report the young man as being convalescent, which will be good news to his many friends in this valley.

Jim Small met with an accident Monday at Buena Vista station while loading empty boxes on a delivery wagon. For some unaccountable reason the horse attached to the vehicle became frightened and bolted. In making his getaway the nag scored three hits—Jim hit the wagon, the wagon hit the railroad track, and Jim hit the ground. "Tight," the horse, made a home run and Jim took the full count.

EASY JIM.

Vineburg, Aug. 8, 1912.

### May Be Clew to the Sears Point Murder

The Willows Journal has a theory regarding the death of the aged boathouse keeper of Sears Point on Midshipman's slough, Jack Smith, which will be investigated. That paper points out that a murder near Oroville, in Butte County, and one near Hamilton City, Glenn county, have many circumstances attached to them that are similar to the Sonoma County murder. One thing particularly noticeable in each of these cases is that the murdered men had been weighted and thrown into the water. The identity of the parties who committed these murders is much a mystery as has been the identity of the person who murdered Jack Smith.

## The Coughs of Children

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children. No anodynes. No alcohol.

Many a child is called dull and stupid when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills, sugar-coated, will do such children a great deal of good. Ask him.

## GLEN ELLEN AND VICINITY

Items Gleaned by our Live-Awake Reporter the Past Week

Abe Cohn, a Chicago banker, is registered at the Hotel Mervyn. Dr. Francis is having new signs painted for his drug store, which is a great credit to the town.

Mrs. C. C. O'Donnell of San Francisco is here this week looking after her property interests.

Smudge fires in the evenings have been popular the past week. This is the first time since 1885.

Large shipments of Bartlett pears are being made daily from the ranch of Henry Ahlers near here.

E. A. House has signed up large tracts of farm land around Glen Ellen for San Francisco people.

There is a moving picture show three times a week at Morris Levy's Hall, which is proving quite popular.

Mr. and Mrs. McGrath have decided to remain a week longer with Mr. and Mrs. Harry Wilkins at "Harry's Inn."

The stork visited the home of Mr. and Mrs. A. B. Cheffers on last Tuesday night and left an 8-pound baby girl.

Geo. Hardman, former lessee of the Sonoma Expositor, has returned from Portland, Oregon, and is in town spending a few days with his folks.

The local nine "did it" last Sunday. The Berkeley Jigger team tried all in their power to gain the lead but finally gave it up as a bum job and started home with the string but not the bacon.

The dance held here last Saturday night was a big success and every one reports a large time. It was given by the N. S. G. W. Chas. Poppe, who has been secretary for the last 25 years, is very proud of his parlor and always has been a hard worker for the Native Sons.

### Library Notes.

It is a source of satisfaction to the Trustees of the public library that the number of regular borrowers is steadily increasing, and that the average monthly circulation has nearly doubled in the past year. The recent increase in the funds of the library has permitted the purchase of a goodly number of books, chiefly in the line of fiction and juveniles, the proportion of which in our library is much smaller than in usual libraries of this size. With care in the selection of books and by taking advantage of many exceptional chances for buying at large discounts, the purchases of the last year have enabled us to buy practically two books for the price of one.

There have been several generous donations of books during the year, and we are always glad to receive them, however small. If any books donated chance to be duplicates, donors can rest assured they will be disposed of so as to be of immediate value to others less fortunate than ourselves.

Our very faithful Librarian has been taking a special course in library work at the summer session of the University of California, and will be thoroughly capable of placing the library in line with the most approved small libraries, when we possess larger and better fitted quarters.

We desire once more to say that suggestions are invited as to books worthy of purchase, or on other points which may add to the effectiveness of the library and if left with the Librarian will be placed before the trustees for careful consideration. It is the desire of the management to make the library distinctly an institution of and for the general public, whose co-operation is earnestly desired. To that end, please make your suggestions or criticisms to the Librarian or to the trustees direct.

Richard H. Piatt, President.

## TRANSCONTINENTAL FREIGHT TARIFF.

What F. G. Athearn of the Bureau of Economics of the Southern Pacific Co. Has to Say About the Matter.

"The new transcontinental freight tariffs have been completed. The east-bound rates will be effective August 19 and the westbound tariff will go into effect on the second day of September. The fact that all commodities that move to a very limited extent in less than carload lots, and such commodities as do not move at all, have been removed from the commodity tariff, has been seized upon to make it appear that the railroads have increased their rates. Nothing could be further from the truth.

"In brief, all western tariffs have been revised; the dead wood has been thrown out and the tariffs constructed on as nearly a scientific basis as is possible, consistent with the amended Interstate Commerce Act and the rules of the Commission.

"Much has been said to the effect that the railroads, in order to preserve their revenues, have deliberately raised rates on east-bound California products to such an extent that Pacific Coast jobbers will have to go out of business. Such statements are the result of lack of proper knowledge of the tariff itself and are furthermore founded on the extremely fallacious assumption that the proper and expedient way for a railroad to preserve its revenues is to hamper the activities of the shipping public.

"The truth is that in no instance have the carload rates been raised on California commodities. Furthermore, in order to simplify the tariffs and do away with the never ending source of irritation resulting from overburdened commodity tariffs, all commodities that move to a very limited extent in less than carload lots, and such commodities as do not move at all, have been removed from the commodity tariffs and placed under the general class tariffs, where they properly belong.

"In fact on a number of commodities, such as beeswax, bags and bagging, green hides, nitrate of soda and tallow, interior points have been given the same rate eastbound as from Pacific Coast terminals.

"In the former westbound tariffs there were a large number of commodity rates on non-sea-going articles that were lower to Pacific Coast terminals than to intermediate or interior points. These were re-adjusted by advancing the terminal rates to a figure that was reasonable for the service performed. This did not increase the rates on these commodities at interior points, but in most cases lowered them.

"Rates that are lower to terminal points than to interior points have been forced by sea competition. But rates on such articles as do not move by sea, such as buggies, agricultural implements, furniture, tin cans, etc., that under the former tariff were lower to terminal than to interior points were not defensible as sea-forced rates. Hence, the carriers were compelled to make rates on these commodities that would be no lower to terminal points than to interior points.

"It is not intended to imply that these articles cannot be shipped by sea but that generally speaking they are not when rail transportation is at hand. To pack or prepare them for sea shipment is very expensive, besides, the rate by sea on such bulky and light freight is high as compared with freight of greater density.

"A large number of carload and less than carload commodities were eliminated because of their non-use hence such action did not increase the rate or charge. Some few commodity rates were advanced because the general re-adjustment of rates in the inter-mountain and western territory made it necessary.

"After going thoroughly over the tariffs applying to and from interior points and also to and from terminal points—both class and commodity rates—I consider that the re-adjustment is the best that could be arrived at for both the shipper and the carriers, taking into consideration the law which largely controls adjustment of rates as well as the rates themselves.

"The commodity rates on less than carloads that have been eliminated in both east and west bound tariffs have been relegated to the classification and class rates but if such articles are not moving in less than carloads, then no harm has been done."

### California Festival and Woman's Club Notes

Last Friday the Woman's Club held its first meeting after the summer vacation, and took up the work of pushing preparations for the grand festival that opens Friday, September 6th. Mrs. Emparan, the chairman of the Loan Exhibit Committee, and her assistants, are busy visiting homes in the valley and securing all sorts of interesting objects for the display in the old Mission. This building is to be made secure, lighted by electricity and will be guarded day and night while the loaned objects are within its walls.

Mrs. Wicker, chairman of the El Al Exhibit Committee, is arranging for a most beautiful display of cut flowers, potted plants and also for young plants and seeds to be on sale. This department of the festival is to be held in the City Hall, which will be transformed into a garden grotto of luxuriant beauty.

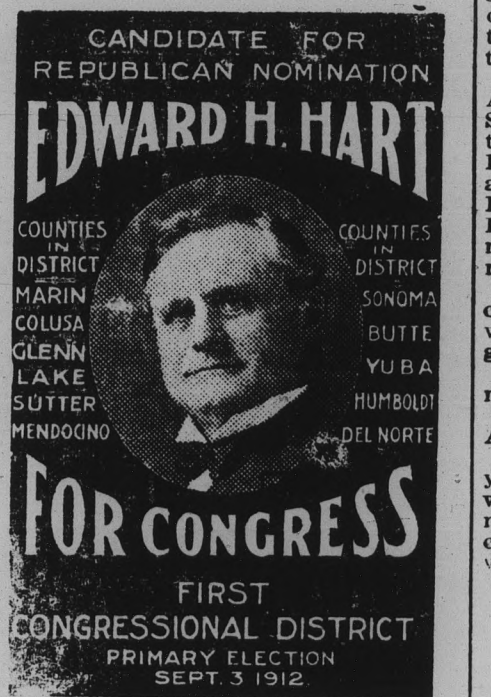

All club women are urged to attend the meetings which will be held from now on every Friday until the festival.

Next Friday Mrs. Robt. P. Hill will give a report of the recent Biennial in San Francisco.

Mrs. Michelson will be hostess for the afternoon.

A Continuous Performance. The appetites of healthy children are proverbial. A group of such children not long since were taken on a modest outing by an adult admirer, and luncheon was arranged for. The children partook with fair heartiness and every appearance of enjoyment. The hostess was correspondingly pleased. But on the way home half an hour later, to her astonishment and mild horror, the oldest child remarked sedately: "Well, I guess I'm about ready for luncheon."

And from all the rest came the eager responsive chorus:

"Sm! Sm!"—Chicago Record-Herald.

Pleased With Her Prize. One of the most charming bits of repartee we ever were fortunate enough to listen to was at a big wedding in East Seventy-sixth street.

"What charming teeth Miss Dibleton has!" a lady exclaimed. "I never saw anything so beautiful!"

"Oh, thank you so much for saying that!" exclaimed the young lady's escort fervently and sincerely.

"Oh, pardon me!—Are you her husband?"

"No, my dear lady; I am only her dentist!"—Cleveland Plain Dealer.

Matrimonial Repartee. They were a young couple and talked in loud voices on account of the rattle of the elevated train. He was not in a good humor.

"I wonder," she said, "why the allowances of money made to wives by husbands are called 'pin money.'"

"I suppose," he explained crossly, "it's because it sticks the husbands!"—Popular Magazine.
